Peewee Field Discussion

**Discussion:**

Turf - Could be cost effective if the City won't provide the plumbing tied into our existing water system. Temperature is a concern. Jake will take plans down to get some estimates.

Trees for shade.

Dugouts will be same as existing dugouts.

Enough existing windscreen to wrap field (possibly).

Fencing - Ray may have the option to get used fencing from one of his work jobs.

Shed required for equipment.

Some sort of seating. Replace minor or junior existing bleachers and move those to farm. Pour staired concrete slabs for folding chairs.

Cement or decomposed granite in open area to eliminate maintenance.

Fundraising Ideas: Go-Fund Me; Brick Sales; Hit-A-Thon; Hosting Tournaments; Donation box with meter; Candy Sales

Need to get additional funds going so we begin work on this field this year.

**Agenda Item:** Bat Grant  
**Discussion:** Adam P. is applying for a bat grant from LL. It will provide the league with 35-40 USA approved bats that can be placed in bags for the season.

Discussed holding off to apply for grants that may assist with new field. Historically, LL doesn't give back to back grants to leagues, and we want to make sure that we ask for money that fully benefits the league in the best manner.
